

# Reports (F&B): RanceLab® FusionRetail™ 6 has introduced full Touch compatibility in touch POS

Previously the people using Touch POS had to use mouse to change the Date and the Date Range of the software. Now you can change the Date and Date Range by Touching the Buttons in the Date Box. The images given below will explain the Full Touch compatibility more clearly.

## Changing Date:

1. Touch the Date button on the screen with your fingertip.
2. Touch the button at the right hand side of Date.
3. It opens a calendar.
4. Choose appropriate Date from the calendar.

## Changing Date Range:

1. Touch the Date Range button on the screen with your fingertip.
2. Touch the button at the right hand side of Date From and Date To.
3. It opens a calendar.
4. Choose appropriate Date from the calendar.

## Reports (F&B): RanceLab® FusionRetail™ 6 has introduced full Touch compatibility in touch POS

**Date Range**

From : 01-04-2011 ...

To : 31-03-2012 ...

Ok Exit

Touch the button at the right hand side of From and To dates. It will open the calendar. Choose appropriate date from the calendar.

**April, 2011**

Sun	Mon	Tue	Wed	Thu	Fri	Sat
