

Voucher Type: How to stop accepting the expired card?

Why the expired card is being accepted at the POS screen?

I want the system to warn / stop me if an expired card is swiped.

Steps

Set "Allow Expired card = Ask / No / Yes" in the [Sale Option](#)

If you select **Ask** it will show message "This card is expired on 31/03/2009" - Accept? Yes No

If you select **No** the message would be "This card is expired on 31/03/2009" Cannot accept.

If set this to **Yes**; System will not show any message.
